

Norman Hutchins BIO

After 30 years of writing and performing some of gospels top charting songs such as, God 's Gotta A Blessing with your name on it, Jesus I Love You, Emmanuel, and Battlefield; Norman Hutchins returns with a new CD project titled, The Next Chapter. The first featured single is, "Just In Time".

Hutchins says, that the inspiration of this song came early one morning during his 5 AM weekly devotions... Hutchins says and I quote " I was sitting at the piano early one morning while watching the sun come up over the golf course, and the Lord gave me a song to minister to the kingdom during this pandemic, so many families have been affected physically and economically, and this song is to remind us, that God's silence is not his absence, and that he may not come when you want him, but he will show up, just in time
